Purpose of Contact: Authorization to begin sediment sampling at Ponds A-2 and C-1

Discussion

Sediment sampling at Ponds A-2 and C-1 will begin as discussed in the Biweekly Coordination Meeting on July 6, 2005 and as described in the Draft NE-1 Sampling and Analysis Plan.

Sampling will begin in advance of the draft Sampling and Analysis Plan Addendum approval to accommodate the current conditions of very low water levels that have exposed the outlet area.

Ponds will be left with as much water as possible to help the wildlife during this dry time of the year while still allowing sampling activities to continue. If offsets to existing sample locations are required to preserve water in the ponds, these will be discussed in advance.
